Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our *Great Results Guarantee* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- + Monitor and review student performance each term in Week 5- *this has been successful; we are also working in conjunction with our LST who also assists with assessment*
- + Identify students reading below bench mark and provide intensive reading programs- *Positive incentive has assisted both the classroom and family support*
- + Continue before school reading for all students- *this has been a positive initiative to assist with student reading, growth in confidence and increase of reading levels are also evident*
- + Purchase additional teacher aide time for two hours a week to assist Year 2-7 students – *Hours implemented and results seen*
- + Enlist the help of volunteers to assist with writing for children in Years 3-7- *Successful volunteer timetable & results improved when used to assist students with their writing.*
- + Complete weekly data grabs on children's learning. Revise and reteach areas where gaps are still evident- *successful data gathering, data profile being created & established*
